NOTE: If you sent this e-mail to a Government e-mail address it should be a successful send. In rare circumstances, some commercial e-mail service providers have set their systems so that this e-mail will look like SPAM, because it will come from a "generic" source, rather than your Inbox. For the exact same reason, you will not get an "undeliverable message" if it fails. If the person you are sending this to (at a commercial e-mail address) indicates they did not receive it, you can try sending to your Government account and then forwarding it from there. Please call the Help Desk at 1-877-352-2255 if you need assistance.
